PROJECTS

Tableau Project - Sales Insights Dashboard || [View Project](#)

11/2023 – 12/2023

- Designed a comprehensive sales insights dashboard using Tableau, integrating it with MySQL for data storage.
- Successfully executed the ETL process (Extract, Transform, Load) to clean and prepare the dataset for analysis.
- Created currency normalization techniques and resolved issues related to invalid data values, ensuring data quality
- Built a dynamic and user-friendly dashboard using Tableau, providing sales insights to stakeholders
- Simplified year and month filter buttons to enable users to customize the dashboard based on timeframes

Tools and Technology:

- Tableau for data visualization and dashboard creation
- MySQL for data storage and retrieval.

11/2023 – 12/2023

- **Dashboard Development:** Define key performance indicators (KPIs), create a user-friendly and visually engaging dashboard, incorporate interactive visual elements, and implement filtering functionalities to enable users to analyse data at different levels of detail.
- **Data Analysis:** Generate meaningful insights for businesses by visualizing and charting the effectiveness of their sales strategies.
- **Sales Forecasting:** Utilize historical data and employ time series analysis techniques to predict sales for the upcoming 15 days.
- **Actionable Insights and Recommendations:** The ultimate objective is to deliver valuable insights and practical information that can guide strategic decision-making, fostering growth, efficiency, and enhanced customer satisfaction for the supermarket.

Tools, Technology and Skills

- Data Analysis
- Microsoft Power BI
- Data Cleaning
- Sales Forecasting
- Data Visualization
- DAX Query

EDUCATION

- **B. Tech, Computer Science and Engineering** **84.4%**
IES Institute of Technology and Management, Bhopal M.P
08/2019 – 05/2023
- **Senior Secondary Examination 12th State Board** **64.2%**
Nitishwar College, Muzaffarpur, Bihar
04/2017 – 02/2019
- **Secondary Examination X- CBSE** **95 %**
Trident Public School, Muzaffarpur, Bihar
03/2016 – 03/2017

SKILLS

Hard Skills:

- Python • Pandas • NumPy • PL/SQL • Tableau • PowerBI • Java • C++

Soft Skills:

- Team Work • Leadership • Time Management • Adaptability

ACADEMIC ACHIEVEMENT

- **5* At Hacker Rank – Python**
- **5* At Hacker Rank - SQL (Oracle, MySQL)**
- **Solved 500+ Questions at various Platform in Python, Java, C++ language**
- **Achieved the top academic performance in the 5th semester, surpassing all fellow classmates in marks and ranking.**

CERTIFICATION

- **Programming in Python – Issue by Innovative Business Solution** 12/2019 – 01/2020
- **Database Management System – Issue by NPTEL** 08/2022 – 10/2022
- **Programming in Java – Issue by NPTEL** 01/2022 – 04/2022
- **Programming in C++ – Issue by InternShala** 09/2021 – 11/2021
